Brief description of filing. (If filing follows rates of an advisory organization, specify organization):

Safeco's current motorcycle program is based on a competitive analysis. Since competitors in the state have recently made changes we are adjusting our rates to bring our rates in-line with theirs. With this adjustment there is an increase UM, UIM, comprehensive and a decrease in BI, PD, Guest, Medical Payments, collision. In order to mitigate these increases and decreases we propose: +/- 15% rate cap on renewals, the addition of a new discounts, raising our maximum discount amount and positively adjusting various discount percentages. Other changes with this filing that will help maintain our competitiveness in the state are the addition of snowmobiles and expanding current symbol segmentation. With these proposed adjustments Safeco is convinced that their motorcycle program will continue to develop into a strong and viable player in the state of Illinois
